# Who are we?

## LIDOSK - Lykia Scouting and Nature Sports Club Association

Lykia Scouting and Nature Sports Club Association (LIDOSK) was established in 2010 as a youth NGO that promotes intercultural learning, understanding, active citizenship, volunteerism, sport for a healthy lifestyle and environmental protection. LIDOSK aims to develop and support the cooperation in the field of youth in Europe. We encourage young people to actively participate in public life and to promote their sense of initiative, entrepreneurial spirit and creativity, to contribute towards acceptance of cultural diversity, social cohesion, sustainable development and combat against all forms of discrimination fostering their mobility in Europe.

# Where?

**Antalya is in the most stunning part of Turkey's Mediterranean and Aegean coasts, also known as the Turquoise Coast, with warm sunny days, clean beaches, charming nature, ancient history, good entertainment and nightlife. Antalya is the biggest city of this region, set on high cliffs overlooking the sea, with a charming harbour. and surrounded with stunning mountain right next to the city.**

**With its blue sea, luminous sky, the ever-changing colour of its mountains and lush green vegetation, this city is a festival of colours.**

**The city was founded in 158-138 BC by Attalus II, King of Pergamon. Having been inhabited continuously since then, it was encircled by strong protective walls in the Roman times. The Byzantines and Seljuks successively occupied the city before it came under Ottoman rule.**

**Today it is one of the Turkey's best-loved tourist resorts, with numerous five-star hotels, holiday villages and entertainment establishments. In springtime, here it is possible to go skiing in the mountains, come back to the city and swim in the sea on the same day! This region is extremely rich in archaeological sites and ancient ruins, and there are great works of art from different civilizations at every corner of the city. In the picturesque old quarter of Kaleiçi, narrow, winding streets and old wooden houses are surrounded by the ancient city walls. Knowing all these, it's no wonder why many foreigners have chosen to live here in the past few years.**
