## About ESTA Saltes

European Voluntary Service Association “SALTES” is a nongovernmental organization founded by ex-EVS volunteers with a goal to strengthen and promote non-formal education and volunteering at national and international level. SALTES also seeks to provide young people (including those with fewer opportunities) an opportunity for self and professional development through active involvement in non-formal based activities.

To reach our goal we work to disseminate and promote volunteering and non-formal education ideas, to unite volunteers, to create volunteering traditions in Lithuania, to exchange best practices of youth work internationally, to raise the quality of youth work in the field of volunteering, to promote cultural cooperation and develop socio-cultural competences.

SALTES acts as a coordinating organization for these projects.

## About the project

**This is a project, that connects international long-term volunteers and their hosting organizations in Lithuanian cities (Vilnius and Trakai).**

**While coordinating international volunteering projects “Europos savanoriu tarnybos asociacija Saltes”, as organization, has established good and long-lasting relationships with hosting organizations in Lithuania, that wants to continue their work with international volunteers, keep on hosting new ones.**

**We see the value in this project, because both hosting organizations and volunteers will have the possibility to enhance their skills in an informal way, gain new skills, learn to collaborate better, to be more tolerant, to be responsible citizens, share experiences and enhance intercultural competencies.**

# Democratic School

Democratic School is an alternative private school for children aged 5-15. The aim of the school is to create an environment which addresses the social, emotional, intellectual, physical, and creative needs of children. We hope the kids to be happy at school and cherish their childhood. School environment motivates children to take responsibility for their learning process. This school is implementing principles of democratic education, such as weekly class meeting and later school meeting where the decisions are made all together. This is a crucial part of our school. Focusing on learning to live like a community and make decisions together, to create a better environment for all.
